

EASYBID

EASYBID - Estimation & Tendering Software By HIGHBAR

HIGHBAR
TECHNOCRAT

Need For Tender Estimation Software

- Standard tool required throughout the organisation
- Lengthy, tedious, manual and erroneous process, needs simplification
- Highly confidential and sensitive data, need to protect trade secrets
- Centralized repository & access needed
- Required visibility on cashflow
- Manual error can be very expensive resulting in bid loss, lower profit margins and even losses to organisation

“We at Highbar with our deep understanding of infrastructure and real estate domain, has developed an automated tool for Tender Estimation-“EASYBID” to reduce time cycle, eliminate manual errors and give better visibility and confidence to management”

Benefits To Organization

Project estimation considering various cost elements and related activities with accuracy

Last-minute changes can be made with confidence and the high speed of calculation allows rapid assessment of alternative strategies

Reduced bid completion cycle and faster bid response rate

Estimation with high data security & future scalability

Standardization of estimation process

Easy retrieval of old projects data

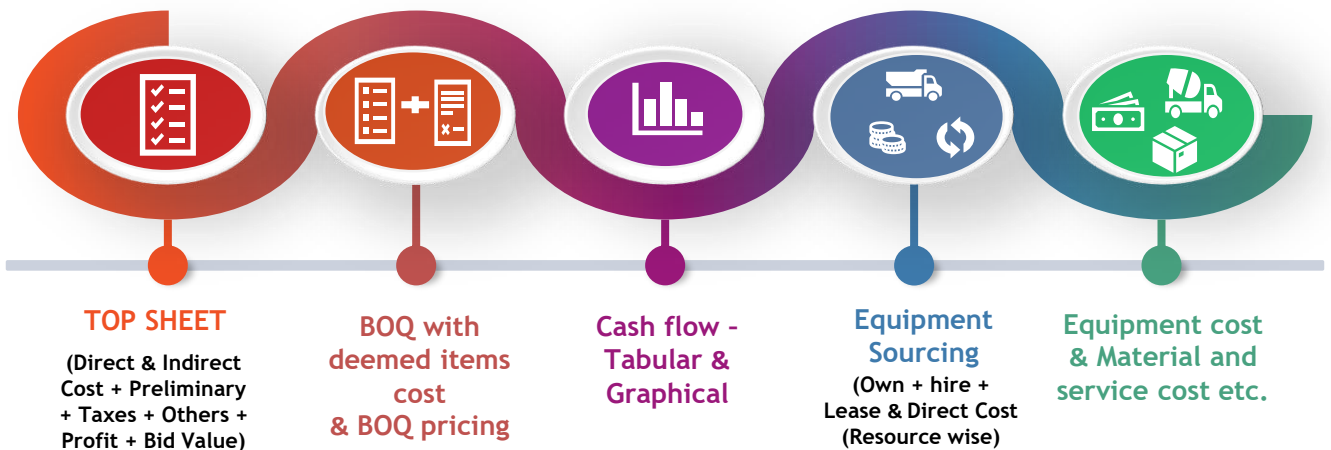

Key Features

- Reusable centralised masters
- Role based authorizations
- Simple, fast and error free process
- Old bid details can be fetched on the fly
- Optional integration with SAP for master record fetching
- Reduced process life cycle
- Cashflow calculations
- Standardised process throughout the organisation
- Secure & centralised data access
- Provision of last minute confidence checks
