

## MSPL LIMITED, (BALDOTA GROUP) CASE STUDY

The Company wanted a centralised business processing solution for quicker reporting & data analytics

### ABOUT CLIENT

MSPL Limited is a flagship company of the Baldota Group of Companies. A leading iron ore mining, processing and export company with 53 years of expertise. It is one of India's largest iron ore mining companies and possesses the largest installed capacity of green energy in the country.

In addition to mining, we also own and operate wind farms across Karnataka, Maharashtra, Rajasthan and Gujarat. With a core competency in the sectors of iron ore mining and wind power generation, they add value to some of nature's valuable resources and harness them for productive performance over a sustained period of time.

**Industry:** Iron Ore Mining & Steel

**Website:** www.baldota.co.in
